

FRENCH OUTDOOR LIVING

# Aurehum

## ABOUT US ?

---

Aurehum is a French company that manufactures and sells luxury outdoor furniture. It stands out from others furnitures by its design and function. Aurehum is entirely modular and customizable.

## THE FOUNDER

---

Laurent Jacquelin, founder of Aurehum, wanted to create a friendly outdoor environment. The concept is to share each moment with our guests, with everything on the table during the dinner. From this vision Aurehum was born in 2019.

## THE TEAM

---

Aurehum is comprised of engineers, project managers and skilled craftsmen. Our innovative team continually strives to develop quality products with elegant and distinguished lines.

## OUR KNOWLEDGE

---

Excelling with more than 10 years of experience in the industrial sector, ours know-how is to combine design and industry into a reflection of luxurious beauty and functionality.

**AGATHE**

Agathe was imagined for live convivial meals while being scalable and adaptable according to the dishes made. This, in order to share our love of cooking.

# HIGH TABLE AGATHE

OPALE

The expression « french touch» is above all a know-how by sharing unforgettable moments and taking the time to appreciate quality products. Conviviality and happiness are part of this new way of life.

# AGATHE STAND ALONE

With his elegant aluminium structure and its emphasis on sleek, angular lines, Agathe stand alone Kitchen is both distinctive and modern in appearance.

# CONCEPT OF THE AGATHE TABLE

1

2

3

4

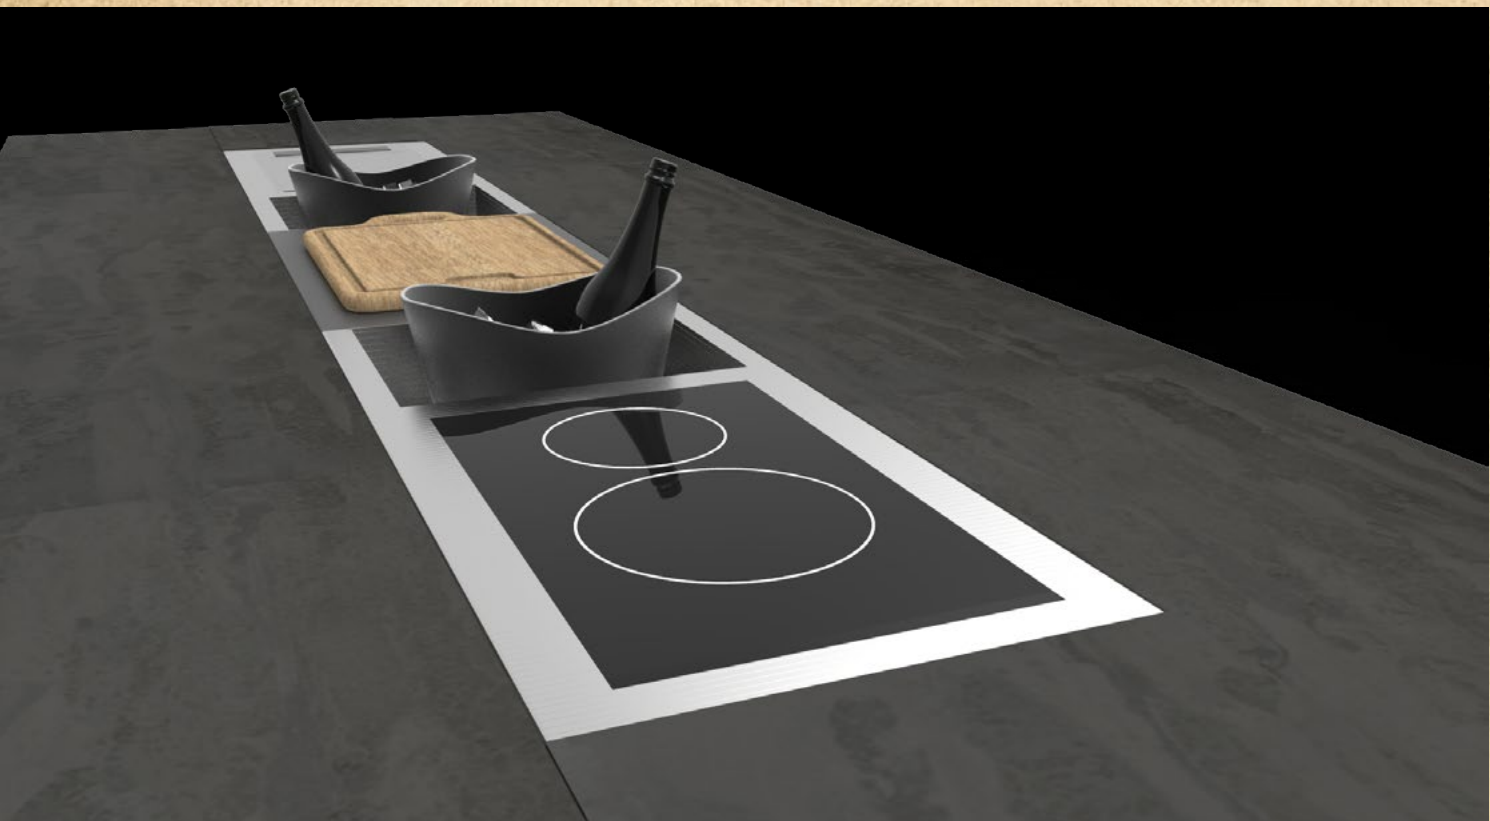

The outdoor table is entirely modular with its integrated cooking appliances. We offer you the possibility to create a table which reflects your lifestyle. **AGATHE** goes beyond the simple functions of a table.

With its futurist vision, it has the ability to create unforgettable moments. This table, specially designed for the outdoors, has both open and closed positions.

When it's open, it has room for dedicated cooking appliances and accessories which can be added according to the desires of each gathering.

The center part can move up and down and has several levels. The first one stores the cooking appliances and accessories in the table when it is closed. The second allows access to the cooking appliances and accessories during the dinner.

The third level permits the easy placement and removal of the cooking appliances and accessories.

In a closed position, the table protects the cooking appliances and accessories.

Completely custom-made, with the customers ability to choose dimensions, colors of the tray and the structure. Accessories and cooking appliances can be added according to your tastes and desires.

# CONCEPT OF THE OPALE TABLE

The **OPALE** outdoor table is completely custom-made. Made of noble and durable materials it will withstand all types of weather. We offer you the possibility to create a table that reflects you, dimensions, shapes, colors ... everything is customizable.

With our innovative vision, it is possible to integrate connected accessories on this table, like USB plugs, ambient LED lights, speakers etc.

CONCEPT OF THE  
AGATHE STAND ALONE  
KITCHEN

The **AGATHE STAND ALONE** outdoor kitchen is a variant of the **AGATHE** outdoor table. It has the same functionalities and the same mechanism.

Unlike the **AGATHE** outdoor table, the **AGATHE STAND ALONE** outdoor kitchen can integrate all the elements that makes up a kitchen : sink, drawer, storage etc.

Entirely custom-made, it allows you to design the kitchen of your dreams, according to your needs and tastes

At the end of use, a protective cover will cover the central area of the kitchen until its next application. This one can be of different materials that we offer, such as Dekton, but also in austenitic stainless steel.
